I hope you are well. The attached script is a movie I wrote with [REDACTED] who is not former FBI. I wanted to get the script to you to run it through the Pre-pub review.

Although it says Based on Actual Events, and that it is 67.3% true, that is actually tongue-in-cheek, as this is a fictional story of what could have been.

I can be reached at [REDACTED]

Thanks very much,
